DRINK PLENTY OF WATER

ALSO GIVES A PRESCRIPTION—RELIEVES STOMACH TROUBLES, KIDNEYS AND BLADDER AND RHEUMATISM.

"The people here do not drink enough water to keep healthy," exclaimed a well-known authority. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure or rheumatism and kidney trouble the answer was: You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause

rheumatism; the urine must be neutralized so it will no longer be a source of irritation to the bladder, and, of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Any one can mix them by shaking well in a bottle. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often." This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

Appeal Case Decided—

In the circuit court yesterday the case of Knute Nelson, which was on appeal from the justice court, was heard. The sentence of \$50 and costs, imposed by the lower court, was affirmed. The case of John Murback, which is practically on the same lines, was continued until Monday.

RESOURCES AROUND WATER COMMISSION IN SESSION

MANAGER WHYTE GIVES GLOWING ACCOUNT OF GRAY'S RIVER SECTION, THE WEALTH OF THE COUNTRY AND PROSPERITY.

"To one who has never been in the Grays River settlement, the trip there is one of instruction and altogether pleasing," said Manager Whyte, of the Chamber of Commerce this morning, who was one of the party of Astorians who Thursday visited the fair.

"It occurs to me that there is not a valley of richer soil anywhere in the Northwest, than that of Grays River, although it rather limited in area. The display of agricultural products we saw on exhibition could not be excelled anywhere. One seldom sees finer apples, finer beets, finer potatoes, finer pumpkins, or finer anything else, than those at Grays River. One story told us is rather discouraging, however, but there is probably an explanation to it that is not yet apparent. A farmer who raised some of the fine apples on exhibition stated that he tried to sell them in Astoria but the merchant told him there was no market for them and that it would be useless for him to bring them here. He was very disheartened about this and could not understand why it was that his apples would not bring a price similar to that ordinarily paid for apples from Hood River.

"I have never seen a better clothed farming community nor a better educated one than that of Grays River, and the people there seem naturally happy, as well they might be. A number of us visited the farm of Isaac Bergman, where he is now milking 75 cows. I doubt if there is a farm with richer soil anywhere in the Northwest. It was a revelation to the many people who had never before inspected a Grays River farm. The merchants of Astoria should not neglect an opportunity to cultivate a closer business relation with the people of Grays River, who are well-to-do and in the course of the year would purchase a large amount of merchandise of various kinds from the merchants.

"I talked with several of the farmers who had lived at Grays River for 35 years or more and each and every one of them expressed themselves as preferring to live there than anywhere else they had ever lived. And I do not blame them for that opinion.

"Several prominent citizens of Astoria own farms in Grays River besides Mr. Bergman, among whom I might mention Dr. Barr. Therefore Astoria people have a special interest in Grays River, not at all ordinary. A number of our merchants made up Astoria's party of excursionists to Grays River and they lost no opportunity to make a good impression upon their fellow citizens of that settlement.

"Mr. Meserve, a prominent merchant of Grays River is erecting a new store building which would be a credit to Astoria. He will have his own electric light plant for this establishment. It appeared to me that the stock of goods was quite as large and select as any to be found in this city.

"A trip like the one to Gray's River gives an excellent idea of the resources of this section and serves in a very large measure to instill means of making it a more comprehensive idea of the resources surrounding Astoria. And there are many localities near by almost the exact counterpart of Grays River. I have invited the Grays River people to have an exhibit of their products in the Chamber of Commerce and I sincerely hope they will take advantage of this offer. It is indeed a laudable ambition to desire to make known as widely as possible all of the resources of this section of the country, and a good way to stimulate such an impression is to go out and see these resources for one's self."

CREWS TIE UP ROAD.

Discharge of Brakemen Leads to Walk-out on Tonopah-Goldfield Line.

GOLDFIELD, Nev., Oct. 4.—Goldfield is tonight cut off from all railroad connections with the outside world. Owing to the Tonopah and Goldfield railroad having discharged one of its brakemen for lack of work, the passenger and freight crews refused to go to work today and every train on the entire system, including two overlands and two from Los Angeles, are tied up.

The train due here this morning is stalled at Tonopah. The mails are all standing and no freight of any kind is being received. There is a shortage of meat and certain brands of beer.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by Charles Rogers. 25c.
